Beacon Hill  
Insurance Services  
License #0C84253

In order for us to provide the best terms from our carriers, we need a complete submission from you. Please try to put together as much of the following material as possible. If an item is unavailable or not applicable, let us know when you submit the account. If you have any questions about applicability of a particular item, please don't hesitate to call.

Because the coverage available to sites is so flexible, we ask for a description of the intent of the coverage. In other words, what do you want this policy to do. This will help our carriers craft a policy that does what you want the first time out.

**It is important that we receive the following items:**

- All sections of specialty apps completed, and the application signed.
- Narrative description of what coverage is intended to do. If relating to a transaction, please identify all parties, and who is to be named on the policy.
- All site reports, investigations, or assessments available.
- Historical coverage information, if any.
- Financial Statements

**If coverage without a Mold Exclusion is required, please provide the following:**

- History of any mold claims, whether insured or not.
- Describe quality controls, guidelines, and procedures developed to address mold concerns.
