We will need the following information in order to process your tank submission. If you have any questions about the applicability of an item, please don't hesitate to call.

IMPORTANT NOTE: Subject to policy terms and conditions, storage tank policies only provide coverage for pollution issues stemming from storage tanks properly scheduled on the policy. All identifying criteria must be accurate and properly detailed, or coverage may be jeopardized.

When completing the attached application, be sure to :

- Engage the proper person at the insured's to get accurate information on the tank(s).
- Have the insured sign the application.

Please be sure to consider all of the following:

- All questions must be answered. Blank questions will lead to the application being returned for completion.
- Double or multiple compartment tanks should be scheduled as if each compartment is a separate tank.
- Clearly advise limits and deductible option desired.
- Please provide evidence of expiring retroactive date if other than "inception" is being requested.
- Provide Facility EPA ID number for each location.
